State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-550-3

Relating to Exemptions Under Section 27156
of the California Vehicle Code

Advanced Flow Engineering
Magnum Force Air Intake Systems

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the Magnum Force Air Intake Systems, produced and marketed by Advanced Flow Engineering of 191 Granite Street, Corona, California 92879, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the vehicles listed in the attached Exhibit A.

The Magnum Force Air Intake Systems include the following main components: open-element reusable air filter, intake system tubing, assorted brackets, and hardware.

This Executive Order is valid provided that the installation instructions for the Magnum Force Air Intake Systems will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the Magnum Force Air Intake Systems, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Magnum Force Air Intake Systems advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Magnum Force Air Intake Systems using any identification other than that shown in this Executive Order or marketing of the Magnum Force Air Intake Systems for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Magnum Force Air Intake Systems may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on testing conducted for previous Executive Orders D-550, D-550-1, and D-550-2.

Executive Order D-550 was granted based on an examination of the On-Board Diagnostic II (OBD II) system of a 2002 model-year GM Suburban (engine family 2GMXA05.3185, MDV3, ULEV) in the modified configuration, and an engineering evaluation of the emissions impact of the device if measured using the Cold-Start Federal Test Procedure.

Executive Order D-550-1 was granted based on emission test results in the modified configuration using the Cold-Start Federal Test Procedure (FTP), the Supplemental Federal Test Procedure (SFTP US06), and an examination of the OBD II system. A 2003 BMW 325i (3BMXV03.0UL2, LEV2 ULEV) was used for the evaluation of the Magnum Force Air Intake Systems.

Executive Order D-550-2 was granted based on emission test results in the modified configuration using the Cold-Start FTP, and an examination of the OBD II system of a 2006 Ford Mustang 4.0 Liter (6FMXV04.01FC, LEV2 ULEV) conducted for the evaluation of the Magnum Force Air Intake Systems.

The ARB reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq. Further, if test results or other evidence provides the ARB with reason to suspect that the Magnum Force Air Intake Systems will affect the durability of emission control systems, Advanced Flow Engineering shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add-on or modified part demonstrates adequate durability.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE ADVANCED FLOW ENGINEERING MAGNUM FORCE AIR INTAKE SYSTEMS.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 1st day of April 2010.

Robert Hammond FOR ANNETTE HEBERT

Annette Hebert, Chief
Mobile Source Operations Division
