

**State of California
Environmental Protection Agency
AIR RESOURCES BOARD**

Notice of Decision and
Response to Significant Environmental Issues

Item: **PUBLIC HEARING TO CONSIDER ADOPTION OF A
REGULATION FOR IN-USE OFF-ROAD DIESEL
VEHICLES**

Approved By: Resolution 07-19

Adopted by: Executive Order R-08-002

Agenda Item: 07-5-6

Public Hearing Date: May 24, 2007 continued to July 26, 2007

Issuing Authority: Air Resources Board (ARB)

The ARB has disclosed in Chapter 6 of the Staff Report: Initial Statement of Reasons (attached) and Chapter 9 of the Technical Support Document (attached) the potential impacts that the proposed regulation may have on public health and the environment. The ARB also identified both benefits and potentially adverse environmental impacts of compliance with the proposed regulation. ARB expects significant environmental benefits and does not anticipate any significant adverse public health or environmental impacts associated with the regulation.

Please refer to Attachment 2 to Executive Order R-08-002, entitled "ARB Staff Responses To Comments Raising Significant Environmental Issues Regarding the Proposed Regulation For In-Use Off-Road Diesel Vehicles" for comments received relating to environmental issues and ARB staff's responses.
