

State of California
AIR RESOURCES BOARD

Resolution No. 13-6

January 24, 2013

WHEREAS, Dr. Daniel Costa has served as a valued member of the California Air Resources Board's (Board) Research Screening Committee (Committee) since April 2009;

WHEREAS, Dan has served the Committee, the Board, and the State of California faithfully and with distinction;

WHEREAS, the scientific community continues to benefit from his years of dedicated research;

WHEREAS, Dan serves at the forefront in synthesizing human exposure and toxicological research needed to address important air quality issues;

WHEREAS, Dan has been instrumental in the success of the Board's health effects and exposure research programs;

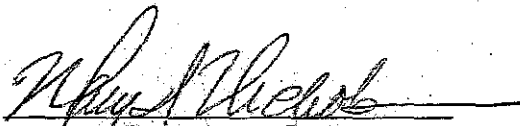

WHEREAS, the California Air Resource's Board has truly benefited from his expertise in toxicology, and mechanisms of adverse health effects of air pollutants; and

WHEREAS, among Dan's many distinguished achievements, he has been appointed National Program Director for Air, Climate, and Energy Research Programs in the Office of Research and Development of the United States Environmental Protection Agency, has been recognized multiple times with Science and Technology Achievement Awards for outstanding research in toxicology and physiology of the health effects induced by particulate matter and ozone, has authored/co-authored over 120 publications and over 30 book chapters, and has contributed to numerous conference proceedings and monographs.

NOW, THEREFORE BE IT RESOLVED that the members of the Board do hereby express to Dr. Daniel Costa their sincere appreciation for his years of service as a member of the Research Screening Committee of the California Air Resources Board.

BE IT FURTHER RESOLVED that a copy of this resolution is transmitted to Dr. Daniel Costa as evidence of our appreciation.

Resolution adopted in Bakersfield, California on January 24, 2013.
