

CALIFORNIA AIR RESOURCES BOARD

Notice of Dairy and Livestock Subgroup Meetings

The Air Resources Board (ARB or Board) is pleased to announce that three Dairy and Livestock Subgroup meetings will be held in August 2017:

- August 10, 2017: Next meeting for Subgroup #2 (*Fostering Markets for Digester Projects*)
- August 14, 2017: Kickoff meeting for Subgroup #3 (*Research Needs, Including Enteric Fermentation*)
- August 21, 2017: Next meeting for Subgroup #1 (*Fostering Markets for Non-Digester Projects*)

Subgroup meetings are open to the public. A live webcast, conference call, and email address will be available for remote participation at all meetings. Meeting specifics are outlined below.

Background Information

To facilitate the development of measures to reduce dairy and livestock emissions, SB 1383 (Lara, Chapter 395, Statutes of 2016) requires ARB to work with a broad range of stakeholders to identify and address technical, market, regulatory, and other challenges and barriers to the development of dairy methane emission reduction projects. In response, ARB worked with the California Department of Food and Agriculture, the California Energy Commission, and the California Public Utilities Commission to convene a Dairy and Livestock Working Group. More information on the Working Group can be found at: <https://www.arb.ca.gov/cc/dairy/dairy.htm>. The

Working Group held a kick-off meeting on May 23, 2017, where three subgroups were formed to develop policy recommendations in the following areas:

- Subgroup #1: Fostering markets for non-digester projects
- Subgroup #2: Fostering markets for digester projects
- Subgroup #3: Research needs, including enteric fermentation

Agenda's for each meeting will be posted to each subgroup's respective webpage (listed below) prior to the meetings.

Subgroup #1: <https://www.arb.ca.gov/cc/dairy/dsg1/dsg1.htm>

Subgroup #2: <https://www.arb.ca.gov/cc/dairy/dsg2/dsg2.htm>

Subgroup #3: <https://www.arb.ca.gov/cc/dairy/dsg3/dsg3.htm>
