

# Clean TRU Technology Webinar

Join ARB Staff and cleanTRU technology manufacturers to learn about cleanTRU technology options. ARB staff will also discuss availability of Prop 1B funding. Presenters will give a company introduction, overview of technology, infrastructure needs, capital costs, operating costs, and cost savings.

Technologies covered include all-electric TRUs, hybrid-electric TRUs, TRUs equipped with electric standby & power plug infrastructure, cryogenic transport refrigerators & cryogenic coolant dispenser infrastructure.

**AUGUST 31<sup>ST</sup>, 2016**

**9:00AM – 11:30AM PST**

**GoToWebinar ID: 2960841153009259267**
