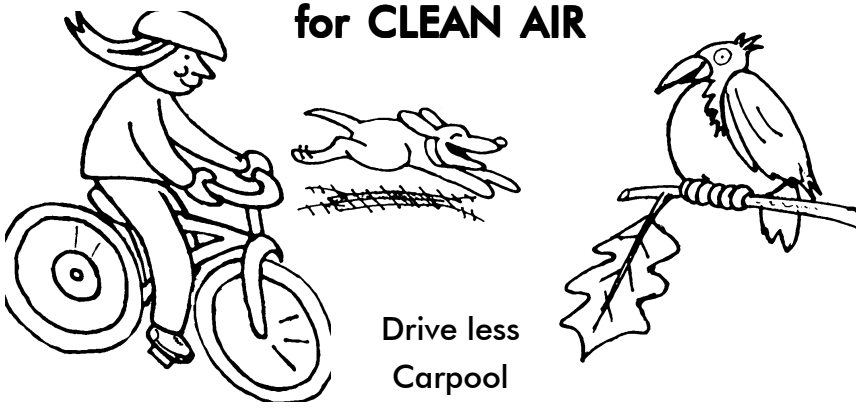
What you and your family can do for CLEAN AIR



Drive less

Carpool

Ride a Bike

Walk

Turn off the lights when you leave a room

Don't waste hot water

Thank You!

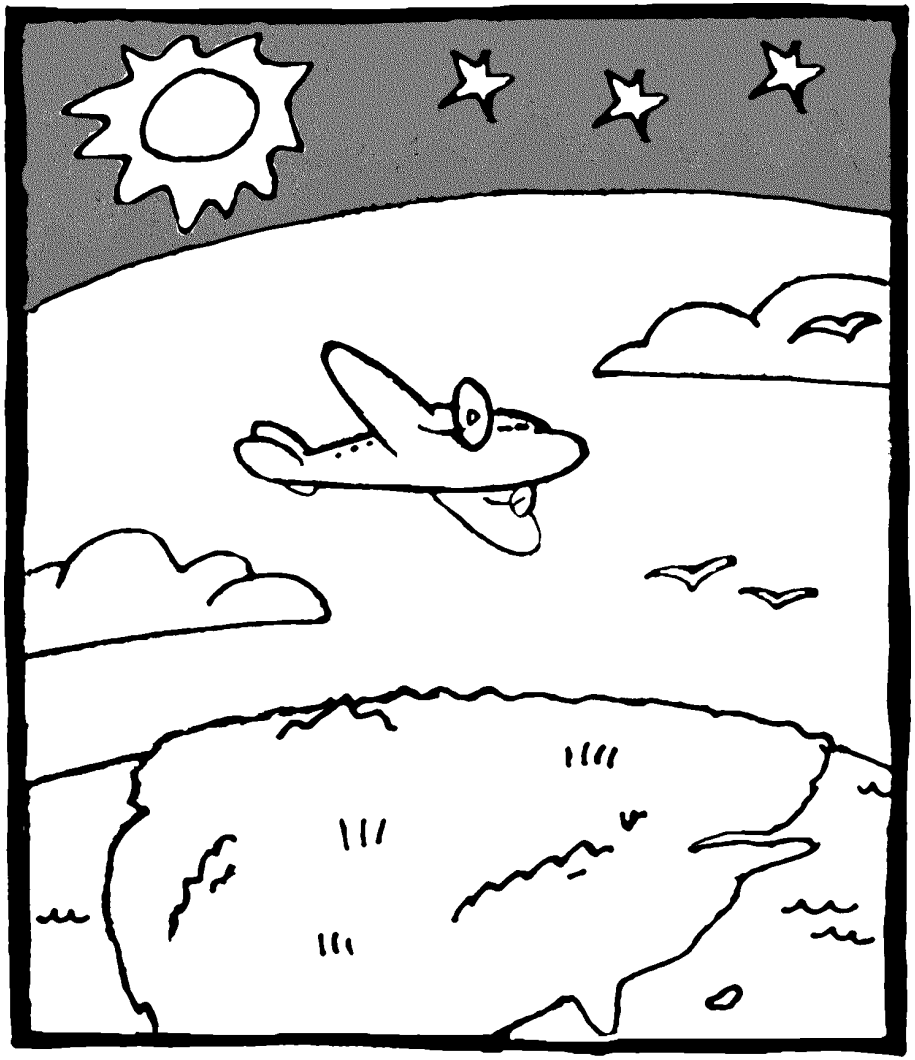
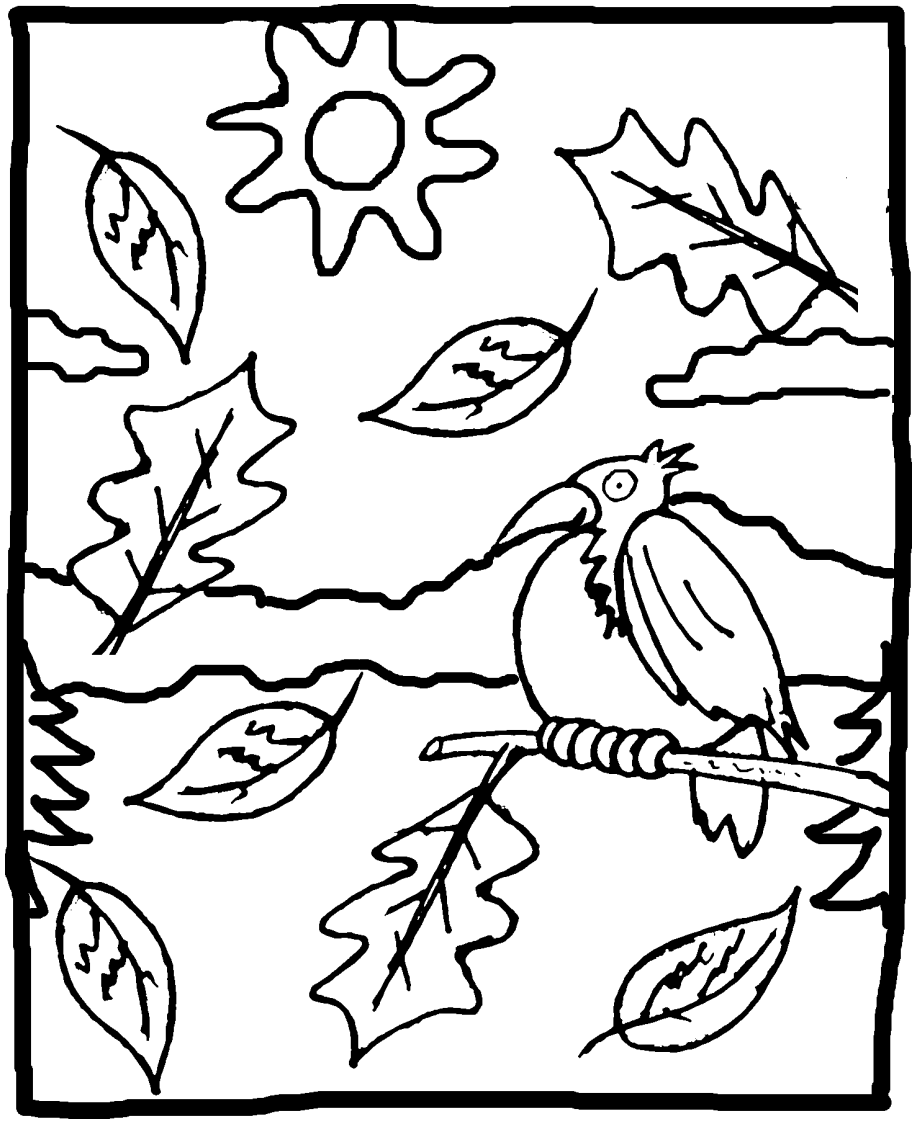
The AIR We Breathe

A Coloring & Activity Book



Air surrounds the Earth.
Birds and planes fly in it.
Clouds float in it.

Be a hero and protect the air!
Save energy, bicycle,
and recycle.



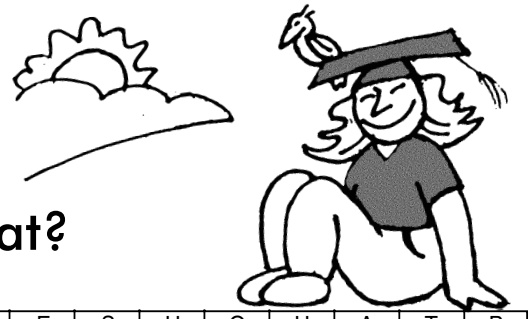
Plants need air too.
Find the leaves
that match.

We feel the air when
we ride a bike
or when the wind blows.

We need clean air
to run, play,
and stay healthy.

Help me find and circle the hidden words.

They all have
something
to do with
air pollution.
Can you tell what?



C	C	B	K	F	R	E	S	H	Q	U	A	T	P
K	U	R	A	S	T	X	C	P	W	Z	R	P	D
P	A	E	P	Q	R	E	C	L	A	B	O	F	L

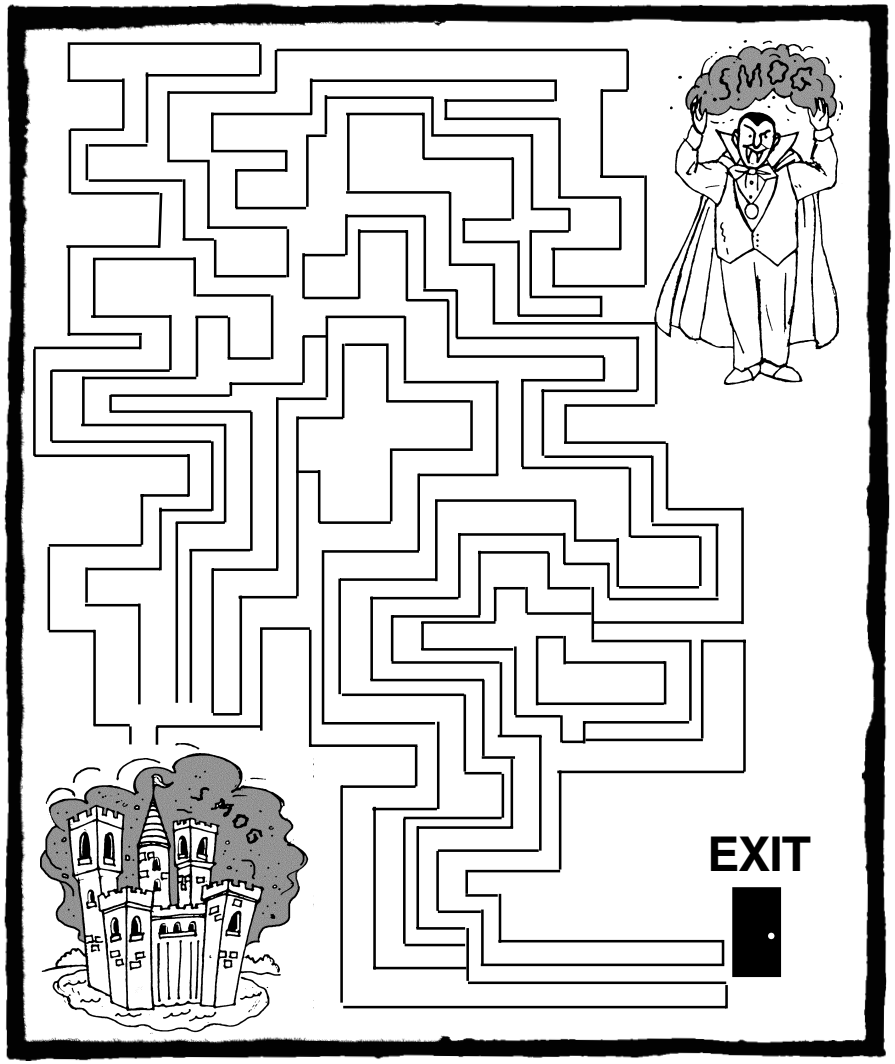
G	F	M	B	R	E	A	T	H	E	S	J	K	G

Find these words:

Pollution	Quality	Clouds	Fresh	Sick
Car	Oxygen	Eyes	Air	Smog
Dust	Lungs	Breathe	Bus	Trucks



Count Smogula has caught you
and put you in his smoggy castle,
but he's left the door open.
Can you get out?

Draw a picture
of your family doing things where
they can feel the air rushing by
like running or playing catch.

Every living thing needs clean air.
Fish get air from the water they swim in.
