Comment:

Thank you for the opportunity to provide comments on the FY 2014-2015 Funding plan for the AQIP and GGRF investments. Proterra strongly supports these programs and all the programs with the California Air Resources Board that provide the needed incentives to fund zero-emission technology advancement and help California achieve its greenhouse gas reduction goals. Please see our attached letter for our support and comments.

Subject: Proposed Fuel Efficient Tire Incentive

Comment:

Thank you for the opportunity to provide comments on the proposed FY 2014-15 Funding Plan for the Air Quality Improvement Program and Low Carbon Transportation Greenhouse Gas Reduction Fund Investments (FY 2014-15 Funding Plan). Mountain View Tires support fuel efficient passenger vehicle replacement tires incentives in California and would like to recommend that the California Air Resources Board (CARB) authorize the addition of such incentives to the disadvantaged communities section of the proposed FY 2014-15 Funding Plan. This investment would enable the implementation of a fuel efficient tire incentive program as highlighted in CARB's May 2014 AB32 Scoping Plan Update.
