Comment 2 for Zero-Emission Airport Shuttle Regulation (asb19) - 45 Day.

First Name: Willam

Last Name: Mayben

Email Address: bmayben@comcast.net

Affiliation:

Subject: Proposed Zero-Emission Airport Shuttle Regulation

Comment:

Dear CARB Board members;

My thanks and gratitude to everyone in the ARB for your efforts in bringing this important evolutionary change to our airport air quality management. I am wholly in favor of the proposed zero-emission shuttle regulation.

Given our climate change predicament; I urge the Board to consider tightening the deadline for completing these requirements. Compared to other challenges facing us; the equipment is at hand to accomplish this must faster than laid out in the proposal. I suggest all could be in place progressively until 2030 at the latest. This fits with the UN IPCC report, which states that we have this decade within which to enact meaningful major fossil fuel reductions; after which the cumulative effects of such reductions will have less of the desired effects..

Comment:

Some additional questions, to be added to my original 2/15/19 comments/questions. Please answer fully and truthfully, as required by CEQA:

1A) How many Gigawatt hours of electricity consumed in California in 2030 will be generated by the following sources:

Wind power
Solar power
Natural gas
Large hydro
Geothermal

2A) How many Gigawatt hours of electricity consumed in California in 2045 will be generated by the following sources:

Wind power
Solar power
Natural gas
large hydro
geothermal

3A) Has CARB reviewed the Green New Deal resolution currently scheduled for a vote before the U.S. Senate?

4A) Does CARB consider the Green New Deal's goal for electrical generation source emission reduction feasible?

5A) Has any CARB employee or board member contacted or been contacted by any member or staff personnel of the U.S. Senate, U.S. House of Representatives, California State Senate, California State Assembly or California Governor's office (including the Governor) to discuss the Green New Deal?

6A) has any CARB employee or board member offered any opinion or advice on the Green New Deal to any person/group as outlined in question 5A? Please provide a detailed list of all contacts and description of opinions/advice provided.

7A) How many birds were killed in the past 10 years in California by electrical generation wind turbines? Please provide sources.

8A) How many birds will be killed in California by electrical generation wind turbines between 2030 and 2045? Please provide sources.

9A) how many birds that are part of protected species were killed by electrical generation wind turbines in the last 10 years in

California? Please provide sources.

10A) How many birds that are part of protected species will be killed by electrical generation wind turbines in California between 2030 and 2045?
