Hi folks - just a couple of notes to consider before finalizing these important updates.

The 45 Day Notice does not indicate the addition of disclosure categories to many APS, ARE and ARS I and ARS II positions, which may reasonably be substantive to the affected parties and should have been called out and justified.

The APS and ARSs positions in the Executive Office were not updated with the Category 6 code like the rest of the Divisions in Appendix A. Staff in the highest and most influential positions should be held to at least the same standard so I assume this is an oversight. The Executive Office section should also list the ARE classification in case an (ostensibly) future position exist in that office.

Hope this helps. Thanks!
