Subject: CASA Comments on Proposed Amendments to EICG and CTR Regulations  
Comment:

The California Association of Sanitation Agencies appreciates the opportunity to comment on the proposed amendments to both the EICG and CTR posted by the California Air Resources Board (CARB), in support of harmonizing these efforts and developing a strategy through which the wastewater sector can respond. While we continue to have questions and concerns about issues, such as the proposed two-step process and the utility of this information without final toxicity data, we want to thank CARB for engaging in discussions on the EICG, the CTR, as well as steps needed to identify a wastewater sector-specific list of Appendix A-1 compounds. We look forward to working collaboratively with CARB and CAPCOA to establish a formal approach that can quantify actual emissions from our member facilities.

Regards,  
Sarah A. Deslauriers

Comment:

Hello CARB,

This is a very big problem, young people are removing and replacing with headers, straight pipes.

Reasons why: Louder, very loud & car will go faster.

Christopher Brunelle.

Subject: CASA Comments on Proposed Amendments to CTR & EICG Regulations  
Comment:

Hello,  
The California Association of Sanitation Agencies appreciates this opportunity to comment on the modified text of the proposed amendments to both the CTR and EICG posted by CARB, in support of harmonizing these efforts and developing a strategy through which the wastewater sector can respond. We want to thank CARB for engaging in discussions and look forward to working collaboratively with CARB and CAPCOA to establish a formal approach that can quantify actual emissions from our member facilities. Please contact me if you have any questions regarding our comment letter.

Regards,  
Sarah A. Deslauriers
