Subject: Comments on the CCAR Local Government Operations Protocol

Comment:

The Air Issues and Regulations (AIR) Committee is a coalition of San Francisco Bay Area Publicly Owned Treatment Works (POTWs) working cooperatively to address air quality issues, under the guidance of the Bay Area Clean Water Agencies (BACWA). Many of our member agencies also manage potable water treatment, distribution systems, wastewater treatment, and biosolids residual programs.

Attached is our comment letter regarding the CCAR Local Government Operations Protocol.

Thank you.
