November 26, 2018

Dear Ms. Barfjani,

The California Hydrogen Business Council (CHBC) would like to thank the staff at the Air Resources Board for their excellent work on developing a draft Innovative Clean Transit (ICT) Regulation proposal that the CHBC can support. Moving transit in California in the direction of zero-emissions will address California’s GHG emission, oil reduction, and PM reduction goals, and targets for clean energy deployment. The ICT as proposed will directly benefit low-income communities currently most affected by pollution from transportation.

PLATINUM MEMBERS

Air Liquide
American Honda
Ballard Power Systems
Bay Area AQMD
Cambridge LCF Group
FuelCell Energy
Hydrogenics
Plug Power
Pacific Gas & Electric
Toyota
South Coast AQMD
Southern California Gas Company
US Hybrid

While the CHBC would like to see more emphasis within the ICT placed on assessing infrastructure impacts of battery and fuel cell electric buses, we believe further delays would be detrimental to the success of the regulation, and we therefore endorse CARB passing the ICT in its latest form at CARB’s next Board hearing.

We appreciate your time and look forward to the next steps in the development process of the ICT.

GOLD MEMBERS

AC Transit
EWII Fuel Cells
Beijing SinoHytec
Hitachi Zosen Inova ETOGAS
ITM Power
Johnson Matthey Fuel Cells
Linde Group
Natural Gas Fueling Solutions
Proton OnSite
Sumitomo Corporation

Best,

Emanuel Wagner
CHBC Deputy Director
