

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-165-10

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

Downey Off Road Manufacturing  
EFI Air Cleaner Assembly

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the EFI Air Cleaner Assembly, manufactured and marketed by Downey Off Road Manufacturing, 10001 South Pioneer Boulevard, Santa Fe Springs, California 90670, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following vehicle applications:

<u>Part No.</u>	<u>Application</u>	<u>Air Tube</u>
171FI-85	1985-1987 pickup & 4 Runner, 2.4L engine	Chrome

171FI-00C	2000-2004 Sequoia, 4.7L engine	Chrome
171FI-00C	2000-2002 Tundra, 4.7L engine	Chrome

The EFI Air Cleaner Assembly includes the following main components: Open element filter, necessary tubing, and mounting hardware.

This Executive Order is valid provided that the installation instructions for the EFI Air Cleaner Assembly will not recommend tuning the vehicle to specifications different from those submitted by the device manufacturer.

Changes made to the design or operating conditions of the EFI Air Cleaner Assembly, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any EFI Air Cleaner Assembly advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the EFI Air Cleaner Assembly using any identification other than that shown in this Executive Order or marketing of the EFI Air Cleaner Assembly for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the EFI Air Cleaner Assembly may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on prior evaluation which determined that the EFI Air Cleaner Assembly does not cause an adverse effect on emissions of selected vehicles (D-165-8), nor does it affect the vehicle's ability to perform On-Board Diagnostic II (OBD II) system monitoring. The same effect on emissions and OBD II system monitoring is expected on the vehicles listed in this Executive Order.

The Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

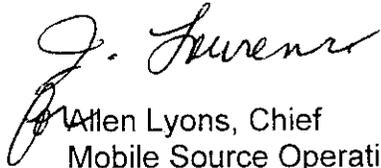

**THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE EFI AIR CLEANER ASSEMBLY.**

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest

the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 13<sup>th</sup> day of April, 2005

Allen Lyons, Chief  
Mobile Source Operations Division
