EXECUTIVE ORDER D-19-12
Relating to Exemptions Under Section 27156
of the Vehicle Code

JACOBS ELECTRONICS, INC.
"ENERGY TEAM"

Pursuant to the authority vested in the Air Resources Board (ARB) by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-5;

IT IS ORDERED AND RESOLVED: That the installation of the Energy Team ignition systems manufactured by Jacobs Electronics, Inc. of 500 North Baird Street, Midland, Texas 79701 has been found not to reduce the effectiveness of required motor vehicle pollution control devices and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for installation on 1992 and older model-year vehicles having single coil ignition system with negative ground. The Energy Team is comprised of Jacobs Energy Coil and Jacobs Energy Pak-LED Ignition System (Mileage-Master, Pro-8, or Pro-10).

This exemption shall not apply to any device, apparatus, or mechanism advertised, offered for sale or sold with, or installed on, a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order (E.O.) is valid provided that installation instructions for the Energy Team will not recommend tuning the vehicle to specifications different from those submitted by the system manufacturer.

Changes made to the design or operating conditions of the Energy Team as exempted by the ARB, that adversely affect the performance of a vehicle's pollution control system shall invalidate this E.O.

Marketing of the Energy Team using identifications other than those shown in this E.O. or marketing of the Energy Team for an application other than those listed in this E.O. shall be prohibited unless prior approval is obtained from the ARB. Exemption of the Energy Team shall not be construed as exemption to sell, offer for sale, or advertise any component of the Energy Team as an individual device.

This E.O. does not constitute any opinion as to the effect the use of the Energy Team may have on any warranty either expressed or implied by the vehicle manufacturer.
