

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-215-20
Relating to Exemptions Under Section 27156
of the Vehicle Code

EDELBROCK CORPORATION
HARLEY DAVIDSON CYLINDER HEADS AND INTAKE MANIFOLDS

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-9;

IT IS ORDERED AND RESOLVED: That the installation of the Harley Davidson Cylinder Heads and Intake Manifolds manufactured by the Edelbrock Corporation of 2700 California Street, Torrance, California 90509-2936 has been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for 1984 to 1995 Harley Davidson motorcycles equipped with a 1338 cc engine.

The Edelbrock Corporation's Harley Davidson Cylinder Heads and Intake Manifolds must be installed as a system. The cylinder heads are comprised of two aluminum alloy cylinder heads, part no. 1616 applicable to 1984 to 1991 model-year motorcycles and part no. 1615 applicable to 1992 to 1995 model-year motorcycles. The intake manifold, P/N 1660 or 1670 must be used with the stock carburetor or P/N 1661 or 1671 must be used with either the QwikSilver or other legal aftermarket carburetor. This Executive Order is valid provided that the installation instructions for the cylinder heads and intake manifolds, will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the cylinder heads and intake manifolds, as exempt by the Air Resources Board, which adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of the cylinder heads and intake manifolds using any identification other than that shown in this Executive Order or marketing of the cylinder heads and intake manifolds for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the cylinder heads and intake manifolds may have on any warranty either expressed or implied by the motorcycle manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE EDELBROCK CORPORATION'S CYLINDER HEADS AND INTAKE MANIFOLDS.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The order may be revoked only after ten day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after hearing that grounds for revocation exist.

Executed at El Monte, California, this 13th day of June, 1995.
