

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-237  
Relating to Exemptions Under Section 27156  
of the Vehicle Code

S & S HEADERS, INC.  
"TUBULAR EXHAUST HEADERS"

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-5;

IT IS ORDERED AND RESOLVED: That the installation of the tubular exhaust headers manufactured by S & S Headers, Inc. of 1401 East Ball Road, Suite C, Anaheim, California 92805 has been found not to reduce the effectiveness of required motor vehicle pollution control devices and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for vehicle applications shown below:

<u>Part Number</u>	<u>Veh. Model-year</u>	<u>Vehicle Model</u>	<u>Engine Size</u>
R-1700	1977-78	VW Rabbit, Scirocco	1600cc

shall not apply to any device, apparatus, or mechanism advertised, offered for sale or sold with, or installed on, a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order is valid provided that installation instructions for the tubular exhaust headers will not recommend tuning the vehicle to specifications different from those submitted by the system manufacturer.

Changes made to the design or operating conditions of the tubular exhaust headers as exempted by the Air Resources Board, that adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of the tubular exhaust headers using identifications other than that shown in this Executive Order or marketing of the tubular exhaust headers for an application other than those listed in the exemption application shall be prohibited unless prior approval is obtained from the Air Resources Board. Exemption of the tubular exhaust headers shall not be construed as exemption to sell, offer for sale, or advertise any component of the headers as an individual device.

This Executive Order does not constitute any opinion as to the effect the use of the tubular exhaust headers may have on any warranty either expressed or implied by the vehicle manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF S & S HEADERS, INC.'S TUBULAR EXHAUST HEADERS SHOWN ABOVE.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

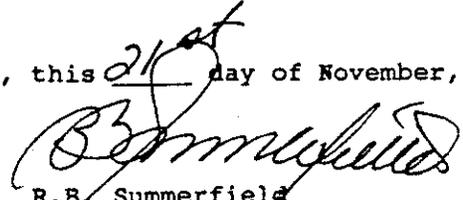

Section 17500 of the Business and Professions Code makes untrue or misleading advertising unlawful, and Section 17534 makes violation punishable as a misdemeanor.

Section 43644 of the Health and Safety Code provides as follows:

"43644, (a) No person shall install, sell, offer for sale, or advertise, or, except in an application to the state board for certification of a device, represent, any device as a motor vehicle pollution control device for use on any used motor vehicle unless that device has been certified by the state board. No person shall sell, offer for sale, advertise, or represent any motor vehicle pollution control device as a certified device which, in fact, is not a certified device. Any violation of this subdivision is a misdemeanor."

Any apparent violation of the conditions of this Executive Order will be submitted to the Attorney General of California for such action as he deems advisable.

San Francisco, California, this 21<sup>st</sup> day of November, 1991.

  
R.B. Summerfield
