

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-277-1
Relating to Exemptions Under Section 27156
of the Vehicle Code

B & M AUTOMOTIVE PRODUCTS
"SUPERCHARGER KIT MODEL 92200"

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-5;

IT IS ORDERED AND RESOLVED: That the supercharger kit model 92200 manufactured by B & M Automotive Products of 9152 Independence Avenue, Chatsworth, California 91311, has been found not to reduce the effectiveness of required motor vehicle pollution control devices and, therefore, is exempt from the prohibitions in Vehicle Code Sections 27156 and 38391 when installed on 1987-1993 model-year Chevrolet/GMC TBI pick-up trucks powered by 5.0-5.7L (305-350 CID) gasoline engines.

This exemption shall not apply to any device, apparatus, or mechanism advertised, offered for sale or sold with, or installed on, a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order is valid provided that installation instructions for the supercharger kit model 92200 will not recommend tuning the vehicle to specifications different from those submitted by the supercharger kit manufacturer.

Changes made to the design or operating conditions of the supercharger as exempted by the Air Resources Board, that adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of the supercharger using identification other than that shown in this Executive Order or marketing of the supercharger for an application other than those listed in the exemption application, and on this Executive Order, shall be prohibited unless prior approval is obtained from the Air Resources Board. Exemption of the supercharger kit shall not be construed as exemption to sell, offer for sale, or advertise any component of the supercharger kit as an individual device.

This Executive Order does not constitute any opinion as to the effect the use of the supercharger may have on any warranty either expressed or implied by the vehicle manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF B & M AUTOMOTIVE PRODUCTS' SUPERCHARGER KIT MODEL 92200 SHOWN ABOVE.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

Section 17500 of the Business and Professions Code makes untrue or misleading advertising unlawful, and Section 17534 makes violation punishable as a misdemeanor.

Section 43644 of the Health and Safety Code provides as follows:

"43644, (a) No person shall install, sell, offer for sale, or advertise, or, except in an application to the state board for certification of a device, represent, any device as a motor vehicle pollution control device for use on any used motor vehicle unless that device has been certified by the state board. No person shall sell, offer for sale, advertise, or represent any motor vehicle pollution control device as a certified device which, in fact, is not a certified device. Any violation of this subdivision is a misdemeanor."

Any apparent violation of the conditions of this Executive Order will be submitted to the Attorney General of California for such action as he deems advisable.

Executive Order D-277 dated September 3, 1992, is hereby superseded and of no further force and effect.

Executed at El Monte, California, this 10th day of March, 1993.

R.B. Summerfield
Assistant Division Chief
