

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-418-14

Relating to Exemptions under  
Section 27156 of the Vehicle Code

Roush Industries  
Air Induction Kits

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That installation of the Air Induction Kits, manufactured by Airaid Filter Company (2688 East Rose Garden Lane, Phoenix, Arizona 85050) for Roush Industries (777 Republic Drive, Allen Park, Michigan 48101), has been found not to reduce the effectiveness of the applicable vehicle pollution control systems, and therefore, the Air Induction Kits are exempt from the prohibitions in Section 27156 of the Vehicle Code for installation on the vehicles listed in Attachment A.

The Air Induction Kits include an open-element air filter, inlet tube(s), and assorted mounting hardware and connecting hoses, including the positive crankcase ventilation breather hose in some applications.

This Executive Order is based on Cold-Start CVS-75 Federal Test Procedure tests, Supplemental Federal Test Procedure US06 test, and On-Board Diagnostic II System tests.

If evidence provides the Air Resources Board with reasons to suspect that the Air Inductions Kits will affect the durability of the emission control system, Roush Industries shall be required to submit durability data to show that the durability of the vehicle emission control system is not, in fact, affected and/or that the add-on or modified parts demonstrate adequate durability.

This Executive Order is valid provided that installation instructions for the Air Induction Kits do not recommend tuning the vehicles to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the Air Induction Kits, as exempt by the Air Resources Board, which adversely affect the performance of the vehicles' emission control system, shall invalidate this Executive Order.

Marketing of the Air Induction Kits using identification other than that shown in this Executive Order or for an application other than that listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

Exemption of the Air Induction Kits shall not be construed as exemption to sell, offer for sale, or advertise any component of the kit as an individual device.

This Executive Order shall not apply to any Air Induction Kits advertised, offered for sale, sold with, or installed on a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order does not constitute any opinion as to the effect the use of the Air Induction Kits may have on any warranty either expressed or implied by the vehicle manufacturer.

No claim of any kind, such as "Approved by the Air Resources Board," may be made with respect to the action taken herein in any advertising or other oral or written communication.

In addition to the foregoing, the Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of California Code of Regulations, Title 13, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF ROUSH INDUSTRIES' AIR INDUCTION KITS.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten-day written notice of intention to revoke the Executive Order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request, and the Executive Order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 24 day of July 2008.

Annette Hebert, Chief  
Mobile Source Operations Division

Attachment A

Air Induction Kits			
Part Number	Model Year	Model	Engine
R07060085	2003-2007	Ford F-250/F-350 trucks	6.0L Powerstroke diesel
R07060089	2004-2007 2006-2007	Ford F-150 trucks, built before 1/1/2007 Lincoln Mark LT, built before 1/1/2007	5.4L
R07060088	2004-2007	Ford F-150 trucks (excludes Heritage body)	4.6L
R07060087 <sup>1</sup>	2005-2006	Ford Mustang GT, 2005 models built after 4/30/2005 (excludes Stage 3 Roushcharged Mustang GT)	4.6L
R07060086	2005-2007	Ford Mustang	4.0L

Note:

- 1 This kit is not exempted for use on any Mustang GTs with a hydrocarbon adsorber in the original equipment manufacturer air induction system.
