E-mail:

4. Test Procedure:***

5. Emission Standards:***

6. Device Name(s):

*If different from name of applicant. Device as used herein is defined to mean add-on or modified part.

**An authorized representative may be required to prove that he/she is authorized to act on behalf of an applicant or manufacturer.

*** Air Resources Board staff can assist the applicant in determining appropriate test procedures and emission standards.

Exemption Application

7. Briefly describe the purpose of the device.

8. Briefly describe the operation of the device.

9. List vehicle/engine/equipment names, model years, engine displacements and systems that are compatible with the device, and for which exemption is requested. Specify the correct device model for each vehicle.

10. The following information is required for the Air Resources Board (ARB) staff to complete an evaluation. Please place a check mark next to the items that are enclosed with the application and provide an explanation for items that are not checked.

(a) A detailed description of the device including operating principles, cross-sectional drawings, electrical schematics, and other such material to assist the staff in understanding its operation.

(b) Copies of all advertising material to be used in selling the device including a sample or facsimile of the packaging label. (Optional).

(c) A copy of the installation and adjustment instructions and drawings that will be

Exemption Application

included with the device.

(d) A facsimile or prototype of the product information label. The product information label must contain the following information:

- i) the manufacturer's name
- ii) the device name and model number
- iii) the Air Resources Board exemption number identified as "ARB E.O. No.D-O-XX".

If the installation of an add-on or modified part requires the removal of any emission control component, re-routing of any vacuum hose, or changes to the vehicle manufacturer tune-up specifications, the product information label must also provide complete descriptions of required changes to the original vehicle/engine/equipment emission control system, re-routing of vacuum hoses, or the new tune-up specifications.

(e) A list of the companies or persons that will manufacture the device under license.

11. The ARB may require one or more devices for testing. Do you agree to provide the device(s) free of costs? yes no. The device(s) will be returned only if return is requested at the time the device(s) are submitted.

Exemption Application

12. Emissions Statements

I affirm that to the best of my knowledge this device (1) shall not cause the emission into the ambient air of any noxious or toxic matter that is not emitted in the operation of such vehicle/engine/equipment without such device.

I understand that an exemption, if granted, does not constitute a certification, accreditation, approval, or any other type of endorsement by the Air Resources Board of any claims concerning alleged benefits of a device. I further understand that no claims of any kind concerning anti-pollution benefits may be made for an exempted device.
