FORM I-A Instructions

Form I-A, Fee Calculation Worksheet, is intended to help applicants calculate fees for registration in the Statewide Portable Equipment Registration Program. This worksheet can be used for any combination of portable engines, portable equipment units, or military tactical support equipment. Replacement, Modification, Change of Ownership, and Administrative Update fees have also been included.

Three Year Registrations:

Write the number of engines or equipment units to be registered in the appropriate “# of Units” box. Multiply the number of units by the appropriate fee and write the product in the “TOTAL” box

1. Engine Registration Fees include a \$270.00 PERP registration fee, a \$345.00 district inspection fee per unit for participants not qualifying for a multiple engine inspection discount, and a \$5.00 placard fee.
2. Engine Registration Fees include a \$270.00 PERP registration fee, a \$258.75 district inspection fee for participants qualifying for the 25 percent discount for four to nine engines to be inspected at same location, and a \$5.00 placard fee.
3. Engine Registration Fees include a \$270.00 PERP registration fee, a \$224.25 district inspection fee for participants qualifying for the 35 percent discount for ten or more engines to be inspected at same location, and a \$5.00 placard fee.
4. Equipment Unit Registration fees include a \$270.00 PERP registration fee, a \$75.00 general district inspection fee, and a \$5.00 placard fee. *Please note that an equipment unit is a piece of equipment that has potential to produce dust during operation. Examples include abrasive blasting pots, crushing and screening units, rock drills, chippers, grinders, and concrete batch plants. Engines, on the other hand, produce exhaust gases during operation and are used to power generators, compressors, pumps, and equipment units. The \$75.00 fee is a general fee and districts may charge you for any cost of the inspection that exceeds \$75.00.*

Miscellaneous Fees:

- 5.-11. Submit *Form 6* for a change of ownership. Submit *Form 7* for identical replacements and modifications.
- 12.-15. Submit *Form 8* to request an administrative update and order replacement documents, stickers, or placards. An administration update not needing new documents has no charge.

Military Tactical Support Equipment: Submit *Form 4*.

- 16.-17. A registration certificate is issued to each military installation, and includes all the military tactical support equipment located at the base at the time of registration. The registration fee is established by the number of tactical support equipment units at the military installation: \$750.00 for the first 25 units, plus \$750.00 for each additional 50 units or portion thereof.
- 18.-19. After initial registration, annual TSE inventory fees are \$375.00 for 1-25 units plus \$375.00 for each additional 50 units.
20. An annual district inspection fee of \$10.00 is required for each unit being registered.

Total Fees:

Add the total fees for the entire *Form I-A* and write the total in the box. If a *Form I* was required for your request, please write this total on *Form I* also.
