### **TITLE 13. CALIFORNIA AIR RESOURCES BOARD**

#### **NOTICE OF PUBLIC HEARING TO CONSIDER PLUG-IN HYBRID ELECTRIC VEHICLE TEST PROCEDURE AMENDMENTS AND AFTERMARKET PARTS CERTIFICATION REQUIREMENTS ADOPTION**

The Air Resources Board (the Board or ARB) will conduct a continuation of a public hearing at the time and place noted below to consider amendments to motor vehicle test procedures for exhaust emissions, evaporative emissions, and refueling emissions, and new requirements for certification of aftermarket conversion systems for plug-in hybrid electric vehicles.

This item was considered by the Board at its January 22-23, 2009 hearing at which time the Board received all timely written comments and heard oral testimony from all witnesses. At the January hearing, the Board approved the test procedures for the exhaust, evaporative, and refueling emissions with the modifications proposed by staff, subject to a 15-day supplemental comment period. The Board also directed staff to engage in additional review of the new requirements for certification of aftermarket conversion systems for plug-in hybrid electric vehicles (conversion regulation) and to report back to the Board at a future hearing. Although the public comment period was closed at the end of the January hearing, the record will be reopened and the Board will accept written comments and public testimony on the conversion regulation. After considering the staff's supplemental report and presentation, and public testimony and written comments, the Board plans to take appropriate action on the conversion regulation. The Board's continued hearing will be conducted at the date, time, and place listed below.
