Notice of Decision and
Response to Significant Environmental Issues

Item: NOTICE OF PUBLIC HEARING TO CONSIDER PROPOSED MINOR AMENDMENTS TO THE PERIODIC SMOKE INSPECTION PROGRAM IN RESPONSE TO THE INCLUSION OF DIESEL VEHICLES IN SMOG CHECK (ASSEMBLY BILL 1488, MENDOZA 2007)

Approved By: Resolution 10-34

Adopted by: Executive Order R-11-008

Agenda Item: 10-9-3

Public Hearing Date: October 21, 2010

Issuing Authority: Air Resources Board

Comment: One verbal comment was presented at the October Board Hearing regarding the negative environmental impact of not adopting the original proposal.

Response: The Board elected to adopt their modification to the original proposal because a 0.01 ton per day PM disbenefit was considered a minimal environmental impact in comparison to the cost savings for business.
