RE: **OAL REGULATORY ACTION NO.: 03-0113-01s**
FEES FOR STATIONARY SOURCES, CONSUMER PRODUCTS

As we discussed in our phone conversation today on the above rulemaking action, I have made the nonsubstantial or solely grammatical changes that you asked me to make to the Final Regulation Order. The Air Resources Board authorizes the Office of Administrative Law (OAL) to make the changes listed below to the text of sections 90800.75 - 90804, title 17, California Code of Regulations. For your convenience, I have enclosed seven copies of the revised Final Regulation Order reflecting the following changes:

1. Section 90800.75 was modified to state that the operative date of the amendments is February 5, 2004 (i.e., the date on which the amendments will be filed with the Secretary of State by OAL). In addition, the NOTE following section 90800.75 was modified to delete the unnecessary "Reference" citations to Government Code section 9600(a) and Article 4, Section (8)(c)(1) of the California Constitution.
2. The first sentence of section 90800.8(c)(4)(B) was modified to correct a typographical error; the reference in the first sentence to "subsection (C)(4)(A)" (with an uppercase letter "C") was changed to "subsection (c)(4)(A) (with a lowercase letter "c").
3. The three subsections of section 90801(i) were renumbered; instead of "(A), (B), (C)," the numbering was changed to "(1), (2), (3)" in order to reflect the appropriate numbering conventions used in the Official California Code of Regulations.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.

4. The two subsections of section 90801(n) were renumbered; instead of "(A) and (B)," the numbering was changed to "(1) and (2)" in order to reflect the appropriate numbering conventions used in the Official California Code of Regulations. For the same reason, the four subsections of section 90800(n)(1) were also renumbered; instead of "1., 2., 3., 4.," the numbering was changed to "(A), (B), (C), (D)."

5. Finally, the underline/strikeout designations were corrected in the last sentence of section 90803 in order to correctly show the changes made to the existing Official California Code of Regulations. The phrase "... pursuant to these regulations" is now correctly shown as "...pursuant to ~~this~~ these regulations."

Thank you for your assistance in this matter. If you have further questions, please call me at 322-3762, or call our Regulations Coordinator, Alexa Malik, at 322-4011.
