AIR RESOURCES BOARD

**Extension of Comment Period for
SECOND Notice of Public Availability of Modified Text**

PUBLIC HEARING TO CONSIDER AMENDMENTS TO THE VAPOR RECOVERY
CERTIFICATION AND TEST PROCEDURE REGULATIONS FOR
ENHANCED VAPOR RECOVERY

Public Hearing Date: March 23, 2000
Public Availability Date: December 12, 2000
Original Deadline for Public Comment: December 27, 2000
Extended Deadline for Public Comment: January 4, 2001

On December 12, 2000, the Air Resources Board (the ARB or Board) issued a Second Notice of Availability of Modified Text, announcing a second set of proposed modifications to amendments to the vapor recovery certification and test procedure regulations for enhanced vapor recovery. The Notice stated that the deadline for receipt of comments on the proposed second set modifications was December 27, 2000. In light of the holiday season, the ARB is extending the deadline for receipt of public comment to January 4, 2001.

The Board's March 23, 2000 Resolution approving modified proposed amendments, and the text of the regulations and incorporated certification and test procedures, as modified, and as further modified, are available on the Board's Web site at <http://www.arb.ca.gov/regact/march2000evr/march2000evr.htm>. Copies of these documents can also be obtained by contacting Mr. George Lew at (916) 327-0900. Test methods and standard operating procedures incorporated into the certification and test procedures are also available from Mr. Lew.

Written comments on the further modifications must now be submitted to the Clerk of the Board, Air Resources Board, P.O. Box 2815, Sacramento, California 95812, no later than January 4, 2001, for consideration by the Executive Officer prior to final action. Only comments relating to the above-described modifications to the regulations shall be considered by the Executive Officer.

Dated: December 22, 2000
